“Knowledge is power, and people need to understand that they are in control of their own health. South Shore Family Chiropractic is excited to sponsor and promote healthy lifestyle choices in our community,” Scheuing said.

About South Shore Family Chiropractic

South Shore Family Chiropractic is a 25-year-old family wellness practice in South Milwaukee. We have two doctors and two massage therapists. Our focus is on prevention, family wellness care, and healthy alternatives solutions to common health problems. We approach each person as an individual and get to the root cause of their health issues so that we can help them create a road map to better health and wellness. What makes our office different than most is that we do take a more holistic, whole body approach to lifetime wellness, rather than focusing just on the back or just on a single health concern.

About the South Milwaukee Downtown Market

Area residents looking for a unique shopping experience travel to downtown South Milwaukee, where they find an eclectic mix of merchants selling fresh fruits and vegetables, baked goods, flowers, art, jewelry and other local goods. They also find a sampling of area restaurants, live entertainment and special events as part of what is a true destination for families, foodies and everyone in between. It's a simple yet ambitious vision – one that the South Milwaukee Downtown Market has achieved ever since it launched in July of 2009. Located on 11th and Milwaukee Avenues near the heart of the South Milwaukee city center, the Downtown Market has grown to become one of the largest in the area with more than 60 regular vendors and hundreds of regular customers. It is operated by a committee of local residents, business owners and city and civic leaders that all have the same goal in mind: find new ways to breathe new life and instill new energy in downtown South Milwaukee.
